DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Glenn E. Forbis on May 05, 2009.

The application has been amended as follows: **Claims 15-34** which were previously withdrawn **are now canceled**.

Response to Arguments

2. Applicant's arguments, see pages 9-11, filed on April 30, 2009, with respect to claims 1-14 have been fully considered and are persuasive. The rejection of claims 1-14 has been withdrawn.

Allowable Subject Matter

3. Claims 1-3, 5-14 are allowed.

4. The following is an examiner's statement of reasons for allowance: Claims 1-3, 5-14 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a device management system comprising a plurality of configuration components,

each including an input matrix comprising input values corresponding to input parameters, and a custom feature matrix comprising operating rules, wherein the input values are selected and set from a range of potential input values to result in a desired output value within a range of potential output values according to the operating rules, wherein the input matrix is created through a software application; and a plurality of vehicles, wherein the plurality of vehicles includes a first vehicle type and a second vehicle type, wherein each of the vehicle includes a configuration component, and each of the custom feature matrix comprises substantially identical operating rules.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
